

SUMMER 2010

Dear All,

We seemed to have turned the corner from late spring into early summer at last. We have been busy putting together our hanging baskets for the shop which we hope the Britain in Bloom team will appreciate but more importantly that you will enjoy. This is a lovely time of year for being out and about with the hedgerows in full bloom and the countryside looking its absolute best. We also have the wonderful long evenings to enjoy it. We really are so lucky to live in such a lovely part of the world!

With the summer upon us thoughts inevitably turn to barbeques. We now have our full range of barbeque products available in the shops for you to enjoy. We are now selling packs of sausages, burgers etc from our chilled cabinet all ready for you to grab whether you're planning a party in the garden or just want to throw a few things on the barbeque on the beach! Perfect!

If barbeques are not your bag our delicatessen has a wide range of products to make for quick and easy outdoor meals. We all want spend as little time in the house as possible, don't we?

The Summer Q Guild brochure is now available in the shop with ideas for summer recipes to try. More recipes are available on their web site (www.guildofqbutchers.co.uk).

We hope you all have a wonderful summer!

Stewart and Shirley Hayman
